$1800 Voted For Fireworks

There will be again a big bang in Redwood City on July 4. Monday the city council promised Francis Britschgi of the Peninsula Celebrations Assn. that it would again furnish $1800 for the purchase of fireworks.

The council voted to spend that much out of next year's fiscal budget. Each year the council appropriates for the fireworks which are fired as part of the July 4 rodeo and celebration here.

Motorist Held In Hit-Run Crash

Cecil Blair, 440 Jackson St., was arrested by Redwood City police today on a charge of hit-skip driving.

Police charged that Blair on Saturday struck and bent a traffic signal at El Camino Real and Jefferson Ave. and then left before reporting the accident.

The arrest was made, Sgt. Cole Stafford said, as the result of an annonymous telephone call.

Three RC Men At Optimist Meet

Three delegates from the Redwood City Optimist Club left Tuesday for the 20th dist. annual convention of Optimist International which will be held from tomorrow through Friday at Salt Lake City.

Representing the Redwood City Optimist Club are Fred Crafton, past president; John Laznibat, secretary, and B. B. Berman. The Redwood City group will present the junior obedience dog training program to the convention in an effort to make the idea nationwide.

Election Recommendations

The Times-Gazette wishes to take a definite position on the Sequoia Union High School election of Friday, May 21.

First, we argue most strongly for passage of the $1,250,000 bond issue. It is in our opinion a sound proposal to solve the pressing school housing problem of the district.

Second, we favor adoption of the special 25-cent permissive tax. It assures the district of sufficient funds with which to meet any emergency, and to increase the pay of teachers and non-certificated personnel.

Third: We recommend the reelection of Mr. Merritt R. Hosmer and the election of Mr. Charles P. Burgess to the board of education. Mr. Burgess is the sole candidate from the southern area of the district, and it would be inequitable to deprive that area of representation.

We favor Mr. Hosmer because we agree with most of the things he stands for.

He has been accused of defeating the 1946 bond issue. To those of us who deplored that bond issue and the manner of its presentation, that is indeed a mark of distinction. He who accuses Mr. Hosmer of being wrong in 1946 also accuses at least three newspapers, including this one, and 2656 voters.

Finally, Mr. Hosmer is one board member who wants something done about the Almack report. As Dr. Almack remarked (June 24, 1947) it is probable that school officials will give no serious attention to his 500-page, one-year study of the high school. He warned: "If the people withdraw from active participation in the schools, public education will decay. Wherever the people have no hand in education, public education will disappear. The biggest issue here is this: Are we going to restore the schools to the people?"

We trust that there will be a strong vote next Friday, and we recommend that you vote "yes" on the bond issue, "yes" on the permissive tax, and that you vote for Mr. Burgess and Mr. Hosmer. Mr. Hosmer understands and champions the Almack report.

PNI New Owner Of Times-Gazette

Ownership of the Times-Gazette, San Mateo County's oldest newspaper, today passed from Dennis O'Keefe of Menlo Park to Peninsula Newspapers Incorporated. Mr. O'Keefe retains possession of the original bound volumes of the publication, from Apr. 9, 1859, when the publication was founded as the San Mateo County Gazette, until 1931, when he leased the newspaper to Peninsula Newspapers Incorporated.

The San Mateo County Gazette and the original San Mateo Times were merged in 1876, since which time the publication has been known as the Times-Gazette.

Menlo Park Draws Centennial Plans

A schedule of activities at the Menlo Park Centennial Celebration June 13-19 has been announced by Frank Thompson, general manager.

The celebration will begin at 2 p.m. Sunday, June 13, with a formal dedication ceremony of Menlo Park's Santa Cruz Ave. improvement project—including the 200-car parking plaza, site of the centennial celebration.

Queen entries will be presented, and the Peninsula Symphony Orchestra will perform.

Monday will be "Old Timers' Day" and there will be square dancing at night. On Tuesday evening Frankie Carle and his orchestra will play at the coronation ball. Carle will crown "Miss Peninsula" at the ball.

All profits from the celebration will go to the Menlo Park Chamber of Commerce's youth recreation and playground program.

Fifty million people a year visit United States museums.

United States museums employ about 7500 people.

NY Consulting Engineers Study Bay Crossing

SAN FRANCISCO (AP)—A firm of New York consulting engineers has been hired to study traffic and income possibilities on any new crossing which may be built across San Francisco Bay, the State Department of Public Works announced today.

Coverdale and Colpitts Co. will make recommendations on the feasibility of either or both of two proposed crossings, both tentatively approved by the toll bridge authority.

One of the proposed crossings would parallel the present San Francisco-Oakland Bay Bridge; the other would be farther south, from Army St. in San Francisco to Alameda.

Today the committee for a southern crossing of San Leandro, released a survey of public support. Listed as backers of the southern span were the following organizations.

City councils and boards of supervisors in Alameda, San Leandro, Hayward, Pleasanton, Modesto, San Francisco City and county, Livermore, Burlingame and San Mateo City and county.

Chambers of commerce in Alameda, San Leandro, Hayward, Corcoran, Dinuba, Gustine, Strathmore, Manteca, Reedley, Turlock, San Leandro Junior Chamber, Merced, Livermore, Pleasanton, Modesto, Ashland, Stanishlaus County, San Francisco, Alameda Junior Chamber, San Francisco Women's Chamber, San Matco, Montana, S. F. Junior Chamber, Philippine Chamber of S. F.

The group also claimed backing from 176 labor unions and organizations, 58 improvement clubs, 52 service clubs and lodges, 47 business and merchants associations, 200 miscellaneous groups, three congressmen and seven state assemblymen.

Red Cross Unit Here Seeks Staff Aides

Announcement was made at a meeting of service chairmen of the Sequoia Chapter, American Red Cross, last night that additional staff aides are needed.

Among workers needed are those who can act as switchboard operators, receptionists, do typing or other clerical work.

It also was announced at the meeting that a new series of Unit I home nursing courses (bedside care) will start next Tuesday at Sequoia High School. Classes will be held on Tuesdays and Thursdays from 10 a.m. to 12 o'clock noon. Mrs. C. G. Wilcox is the instructor.

The chairmen at last night's meeting, called by Chmn. Louis B. Dematteis, discussed how the Red Cross could better serve the community.

Mrs. Frank Heathman is a chairman of the new recruitment, referral and training committee. Volunteers will be routed through this committee for interviews, training and assignments.

Anderson to Speak On Atom Bomb Test

Congressman Jack Z. Anderson will speak on the "Atomic Bomb Test" at a Memorial Day assembly at Sequoia High School next Thursday at 10:30 a.m.

Earlier in the morning Anderson will tour Redwood City. At noon of the same day he will be guest at a luncheon meeting at the Sports Club.

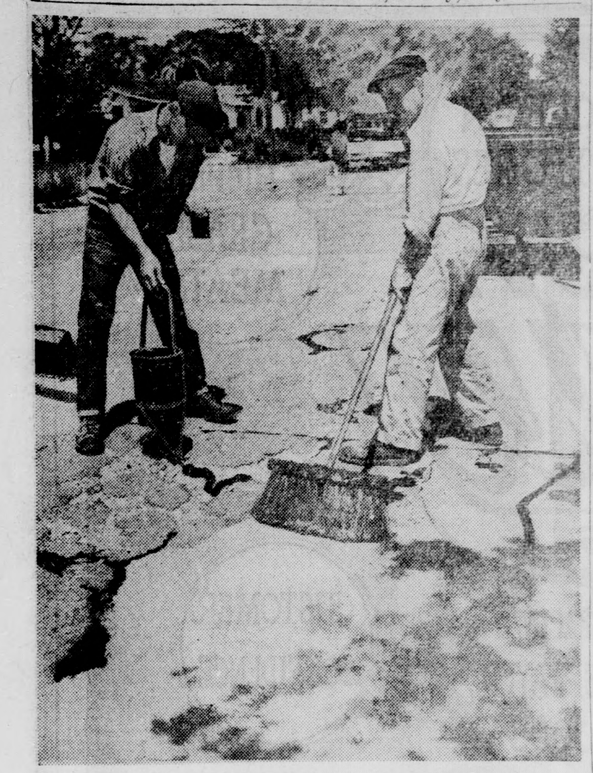
ORIGINAL DEFECTIVE



STREET REPAIR UNDERWAY — First steps in the huge program to repair Redwood City's streets are being taken by crews to fill cracks prior to putting on new finishing coats. Above: Jack Picoli (left) and Louis Delbono go to work on Jefferson Ave., which has been given a high priority in the city's plans.

Council Approves Garden Charges

The Redwood City City Council this week accepted a recommendation by the city manager that the city continue to charge for picking up garden refuse. Rolison said that if the city decided to handle the job without cost, it would have to add $30,000 to its next fiscal budget.

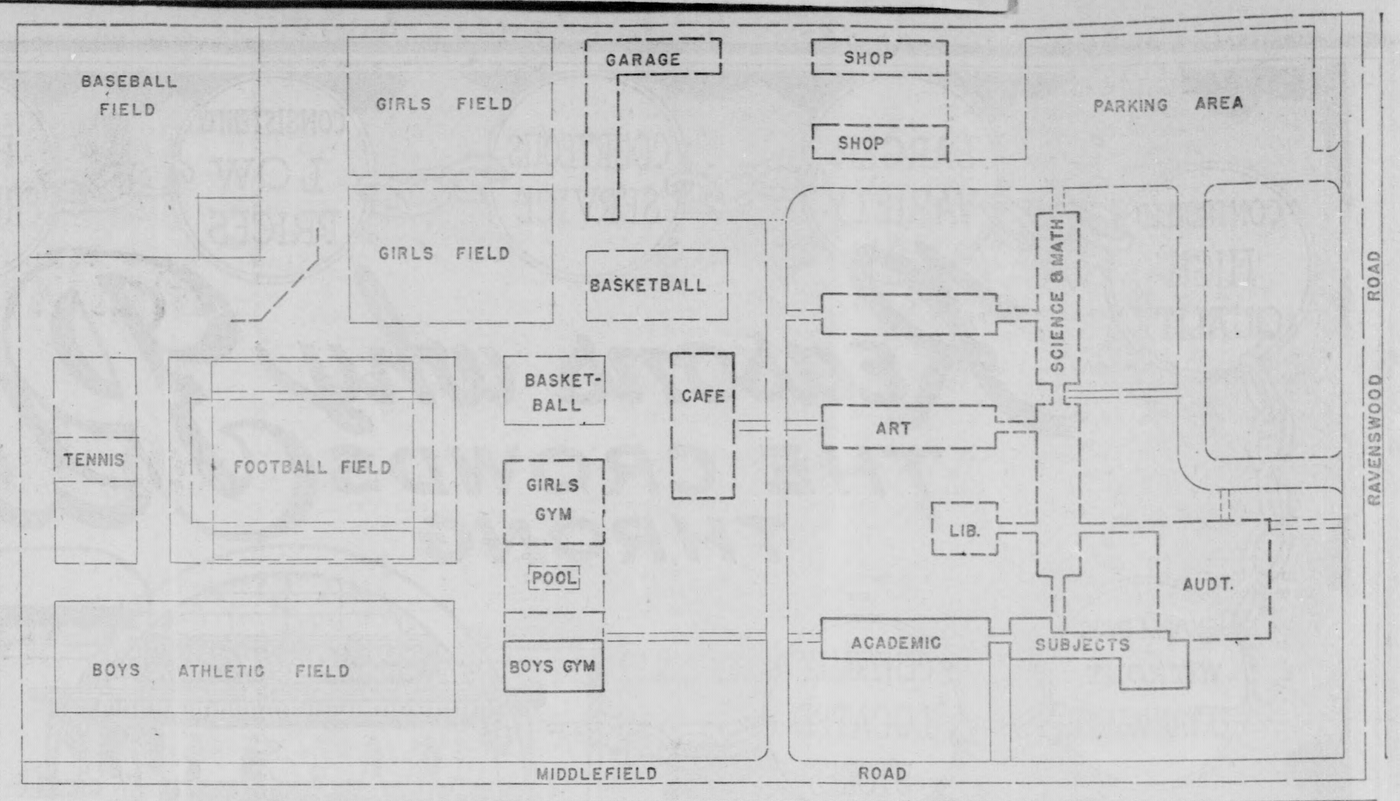
The council also:

Ordered a joint meeting with the Port of Redwood City and Park and Recreation Commissions to determine what to do about yacht harbor. The recreation commission urged that yacht harbor authority be returned to the port group. The harbor is on port land, the recreation commission said, and may have to be moved shortly.

Alfred (Red) Morton, city recreation director, said that facilities there were in bad condition and suggested that finding a new site was the answer. Expenditure of bond funds at a temporary location, he said, was inadvisable.

Heard Rolison report that he is putting $700 in the next budget to move a building from the port to the Hoover School area for use as a recreation center.

Heard Councilman Arthur Swift recommend that telephone poles on Jefferson Ave. between Broadway and Middlefield Rd. be put under ground. He pointed out that property owners had already paid for a conduit to handle electric lines under ground.



CHP Officers Save Family In Colma Fire

Two California Highway Patrol officers were credited Wednesday with rousing a family when their home was menaced by flames from a fire which destroyed Lou's Stables, Colma.

The fire, starting in six tons of hay, about 2:30 a.m., was believed by the stables' owner, Louis A. Buchel, San Francisco, to have been of incendiary origin.

Buchel said that the fire caused damage he estimated at $2000. A large barn, six horse stalls, a garage and six tons of hay were destroyed by the flames, and a trailer damaged.

One of Buchel's six horses was badly burned in the fire. The highway patrolmen rescued the others.

Officers Walter Swope and Henry Edwards, while driving along Junipero Serra Blvd., spotted the flames in the stables, which are about two blocks west of the highway.

They roused Mr. and Mrs. Thomas Barkley and their 12-year-old daughter, who were alseep in their two-story home about 30 feet from the burning building.

Swope and Edwards also stopped motorists, and with their aid, broke down fences, broke into the stables and led the horses to safety.

The entire Daly City Fire Dept., consisting of four companies, responded to the fire and stopped the blaze short of the Barkley dwelling. Colma Fire Dept. and the County Fire Dept. also were called and sent rigs and crews to the scene of the blaze. The County Fire Dept. dispatched two tank trucks, carrying 3000 gallons of water, but by the time they arrived the fire was under control.

A fireman, David Francoia, 30, of Daly City, was treated at Junipero Serra Hospital after a nail punctured his hand.

A pall of yellow smoke, about 200 feet high, spread over Colma during the two hours that firemen battled the blaze. The firemen laid about 2000 feet of hose from hydrants, the closest of which was three blocks away.

Buchel said that somebody must have set the fire, because there were no wire which might have shorted, nor anyone who had smoked cigarets in the area. He said he did not know whether it had been set maliciously or accidentally by some tramp looking for a place to sleep.

An employe of a San Francisco flower store, Barkley bought the stables last December, intending to develop a riding academy.

Officials Explain Plans For Proposed MP School Unit

Preliminary development plans for a high school in the Menlo Park area were prepared recently, according to Supt. A. C. Argo of Sequoia High School, in order to apply government surplus property on the Dibble Hospital site in Menlo Park.

Argo explained that should the $1,250,000 bond issue pass Friday, the school district has two possible locations to put a branch school—at Dibble if the War Assets Administration grants a request for acreage there, and at the Donohoe property a block away, against which the school has filed condemnation proceedings.

Argo said that $60,000 has been set aside by the board for the purchase of the Donohoe property. In order to apply for the Dibble property along Middlefield Rd. and Ravenswood Rd., it was necessary to have a preliminary development plan drawn up, he explained.

Sequoia has applied for 11 acres now and 39 additional acres when Stanford University releases the property.

According to the plan, three buildings would be erected on the 11 acres as soon as possible; two academic buildings and a gymnasium. Argo said that it also may be possible to put up one shop building.

Future development would eventually require the construction of additional buildings, Argo said, including an auditorium, a library, a cafeteria, a girls' gymnasium and a swimming pool.

Argo estimated that by 1953 the south district school would have approximately 1000 students.

He said that if Sequoia is granted property at the Dibble Hospital site, the $60,000 set aside for the Donohoe purchase could be used for further development of the Menlo Park school. Otherwise, he said the district will have to conclude the proceedings for the Donohoe site.

MENLO PARK SCHOOL SITE — Preliminary plans for a high school in the Menlo Park area call for the construction of a three unit school as soon as possible, should Sequoia High School's $1,250,000 bond issue pass Friday. Above is a proposed development plan drawn by Architects Blanchard and Maher for property on the former Dibble Hospital land for which Sequoia has applied to the War Assets Administration. The school has asked for 11 acres now and 39 acres when the rest of Dibble is released by Stanford University. The three proposed buildings (in solid line) are located on the 11 acre site and to be constructed immediately. The buildings shown in dotted lines would be built if the high school obtained the additional 28 acres, trustees explained. Decision to provide these buildings depends on the availability of Dibble land as well as funds for construction.

Vincent DeBella Eagles President

Vincent DeBella, a bank employe and for several years a member of the Peninsula Celebrations Assn., is the new president of Redwood City Aerie 418, Fraternal Order of Eagles. DeBella succeeds Clarence Brizee.

Other officers named by the Eagles include Ed Van Buskirk, vice president; Al Warren, chaplain; Ernest Werder, treasurer; James Milam, conductor; Cliff Friegang, inside guard; Anthony Fritz, outside guard; Delmar Peters, trustee. Brizee succeeds Peters as junior past president.

The following were named delegates to the state convention in Long Beach next month: Frank Schottler, Friegang, Warren, Peters, Van Buskirk, and Clifford Clarke. Alternates include George Fakhouri, Trev Sterling, Lou Clanton, Art Preston, Paul Lowe, and F. H. Steiner.

Installation of the new officers will be held June 4 at the IOOF Hall.

Police News Control Set Up in Belmont

The Belmont Police Commission Tuesday decided that all news concerning police department activities and policy would be cleared through a commission coordinator, Col. George Campbell, police commissioner announced Wednesday.

Campbell said that the ruling would not affect such things as reports of arrests, crimes and accidents. He said that the action was taken so that the news would be "given out straight."

The ruling, Campbell declared, was precipitated by conflicting stories released concerning the resignation of Officer George Doyle. Police Chief Stanley Botto announced last week that he had asked for Doyle's resignation, which Campbell said was not the case. Doyle merely turned in his resignation, Campbell declared.

"If there is any such news to come out," the police commissioner said, "It is to come out through a commission coordinator."

"Police are not to be quoted unless it is cleared through the commission; then there won't be any conflicting stories," Campbell said.

He said that the measure was not "setting up a gestapo" but simply an effort "to see that the true story reaches the public."

RC Man Asks $75,000 in Suit

William Thompson, 22, of 420 Cassia St., Wednesday filed suit in superior court for $75,000 as the result of injuries he sustained on Apr. 17 in a motorcycle-car collision.

Thompson filed suit against William E. Johnson, 41, of 3176 North Fair Oaks Lane.

The accident occurred at Heller and Spruce Sts., and involved the motorcycle ridden by Thompson and the car Johnson was driving. Thompson suffered concussion, bruises and abrasions of his face and body, and other injuries.

For his injuries, he asked $50,000. For medical expenses and time lost from work as a carpenter, he is seeking an additional $25,000.

Name Jockey Club In Damage Suit

Mrs. Jean Janes of Los Angeles, who fell and was hurt at Bay Meadows racetrack on Mar. 23, Wednesday named the California Jockey Club in a $70,000 damage suit.

Mrs. Janes, in a complaint filed in superior court here, stated that her fall was due to some slippery substance covering the aisle of the grandstand. She suffered a dislocated elbow, bruises, abrasions and a back injury.

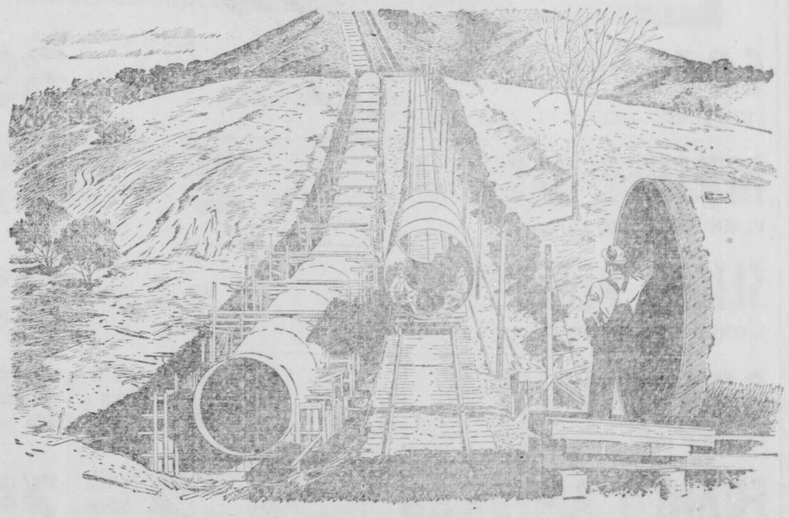
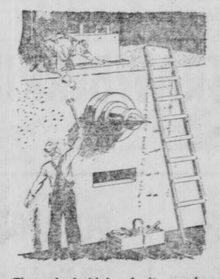
Fast crews are working at top speed to finish this power-producing P. G. and E. penstock



A penstock is a giant pipe that squirts a stream of water so fast you literally couldn't cut it with an axe. It's the source of power for the powerhouse . . . and this one, being built for three big new generators on the Mokelumne River, will soon help turn out 133,000 new electrical horsepower for Northern California. It's 10 feet in diameter at the top, 7½ feet at the bottom, 3,350 feet long—scheduled for completion this month.



Through six high-velocity nozzles like this, the Electra penstock will deliver a mighty punch at a speed of 180 miles an hour. To get a better idea of the terrific pressure developed, take a look at the giant specially processed steel water wheels it spins.

Sixteen tons each, these 11 foot water wheels will soon be whirling at a rate of 225 revolutions per minute . . . making new generators hum . . . sending enough new power onto our lines to serve Berkeley, Richmond and Emeryville.

FOR THE RECORD
P.G&E ALREADY HAS A GENERATING CAPACITY 134% THAT OF HOOVER DAM
61% GREATER THAN GRAND COULEE AND SHASTA DAMS PUT TOGETHER
OUR CURRENT CONSTRUCTION PROGRAM WILL ADD NEARLY TWO MILLION HORSEPOWER TO THIS TOTAL
MORE THAN ⅓ OF THIS NEW POWER WILL BE SERVING YOU IN LESS THAN A YEAR ... WE'RE GOING FULL SPEED AHEAD

Work never stops on our power-building program

34 Belmont School Students To Be Graduated on June 17

Thirty-four students will be graduated from the Belmont Elementary School at commencement exercises to be held June 17.

Students to be graduated are Yvonne Adams, Ward Anderson, Bob Anthony, Barbara Bruflat, Patrick Cady, Anne Colby, Terrance Davis, James Dickson, JoAnn Galli, Linda Hensha, Sophia Hountis, Jacqueline Howerton, Melva Johnson, Larry Longman.

Lorraine Manning, Patricia Matts, Cella Maxwell, Larry Norton, Robert Pisket, Sandra Ratcliff, James Reetz, Joyce Rickard, Nancy Rogers, Rita Rosenblum, William Rupp, Howard Slada, Wayne Sparks, Roselyn Stuparich, Althea Tedesco, Umbert von Hofen, Guy Watson, Charles Weller, Richard Wise and Mercedes Wisler.

The graduating class will present "Galloping Ghost," an operetta, before its commencement night exercises. Members of the cast will include Patricia Matts, Gary Wetzel, Robert Anthony, Jacqueline Howerton, Peter Christenson, Sandra Radcliff and James Reetz.

The Belmont PTA will hostess the class at the Ice Follies in San Francisco, several days prior to the graduation ceremonies. Chaperones for the affair will be Mr. and Mrs. Carl Valladao, Grace Young, Mrs. Mark Nesbitt and Ellen Harvey.

12 Youngsters To Attend Sequoia

Sequoia seniors who comment that "the freshmen are getting smaller every year" really have something to talk about now.

Twelve preschool age children, six boys and six girls, will be attending Sequoia for the next month not taking regular courses, naturally, but attending the Sequoia nursery school which will be conducted as part of the school homemaking course.

According to Supt. A. C. Argo, the children will be taken care of four hours each morning by girls in the homemaking department. The project is new at Sequoia and is being conducted under the supervision of Virginia MacPherson.

Health Groups Clarify Relations

A revitalized County Board of Health and Welfare met at Community Hospital Monday night to clarify its relationship with the County Health Dept.

According to Dr. Harold Chope, county health director, the board agreed to advise his department on general policies, review personnel appointments and otherwise participate in an advisory capacity.

Appointment of key personnel in his department will be referred to the board, Dr. Chope said. Among the more important new positions which have been set up in the new salary ordinance are those of public health engineer, chief of the public health nursing service, public health educator and a physician at Canyon Sanatorium.

The health board is to meet at the Community Hospital library at 8 p.m. the second Monday of each month.

4 Hurt as Auto Rips SC Fence

C. W. Odell, 1966 Carmelita Ave., San Carlos, Saturday night lost his rear fence through an automobile accident for the third time in two years, police reported.

Officers said that a car driven by Chester K. Baker, 26, 256 Santa Inez, Lomita Park, sideswiped a parked car while traveling East on San Carlos Ave., spun around several times, clipped off 25 feet of Odell's redwood and steel fence and carried the fence down a 25 foot embankment to a creek bed.

Baker, his wife Florence Baker, 27, and two other passengers in the car, Charles Provost, 37, and Doris Provost, 33, were all treated at Community Hospital for minor injuries and released.

Police reported that Baker's car was totally demolished commenting that the passengers were very lucky that the car did not hit any trees while diving into the creek bed.

The parked car belonged to E. L. Brown, 1251 Eaton Ave., San Carlos.

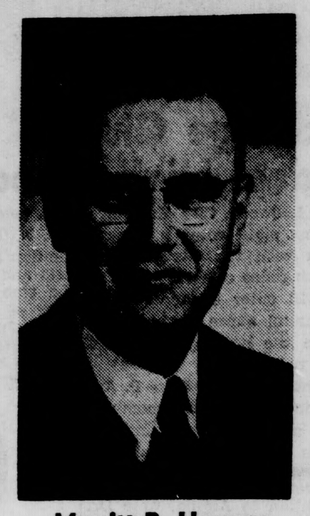
RE-ELECT
MERRITT R. HOSMER
TO THE
BOARD OF TRUSTEES
OF
SEQUOIA UNION HIGH SCHOOL



Merritt R. Hosmer

1. HARMONY

He is endorsed by two present board members, Walter Hilton and Morton Brewer.

2. COURSE OF STUDY

He favors using the $5,000 Almack survey as a guide to improve the curriculum.

3. PROGRESS

He favors the school bonds, and the Permissive Tax.

FOR A BETTER HIGH SCHOOL EDUCATION FOR ALL THE CHILDREN OF THE ENTIRE SEQUOIA HIGH SCHOOL DISTRICT, VOTE FOR THE MAN WITH A PROGRESSIVE PROGRAM:

MERRITT R. HOSMER

He Believes in Public Control of Public Education

Throughout this campaign Mr. Hosmer has been willing to meet his opponent on any platform. He has met him in public debate. He has answered every question regarding his position. He now asks the voters to bear this fact in mind: Any question raised too late for reply will be asked in bad faith. A half truth is a whole lie.

ELECTION FRIDAY
MAY 21, 1948

Exchange Club to Support Rodeo, High School Issues

The Redwood City Exchange Club last night voted full cooperation with the city's annual July 4th rodeo celebration. The club will enter a candidate in the annual queen contest, and operate the hot-dog concession at the rodeo.

At the request of Luke P. Argilla, individual club members signed a petition endorsing the Sequoia Union High School bond issue and 25-cent tax increase to be voted on May 21. Signers, in addition to Argilla, were Dr. W. B. Langston, Henry Nissen, R. L. Spangler, K. B. Towne, W. H. Doxsee and Dr. Rollo La Berge.

Speaker of the evening was Kenneth Osman, YMCA secretary, who spoke on the problems of leisure time and recreation. He pointed to the growth of leisure time as a result of industrialization and removal of taboos. Recreation has become an adjunct to religion and is akin to education, in that group games teach social adjustment. While the YMCA was a pioneer in supervised group recreation, much of the work has been taken over by public schools and city recreation departments.

Osman said summer camps for young boys still present the greatest opportunity for developing social adjustment.

Generally, he said, America needs to be warned that recreation is not something to look at, but something to take part in. We must become players rather than mere onlookers.

T. N. Thompson, president of the San Mateo County Tuberculosis and Health Assn., asked the club to support the bond issue of a tuberculosis hospital on the June 1 ballot, and to vote for the Community Hospital site for the building.

Robert Lawrence Passes Air Test

Robert A. Lawrence, son of Mr. and Mrs. P. J. Lawrence, 1127 Hollyburne Ave., Menlo Park, has passed successfully the first phases of air force pilot training at Goodfellow Air Force Base, Texas, it was learned today.

Lawrence recently soloed in the 600 h.p. North American AT6 type airplane.

He is a graduate of Sequoia High School and attended San Mateo Junior College. Before commencing his pilot training in March this year he was employed by United Air Lines.

Upon completion of the 52-week flight training program, he will be commissioned a second lieutenant in the air force and will be placed on duty with an active air force unit.

Reber to Speak At Jr. College

John Reber, whose plan to fill in sections of San Francisco Bay, divide the bay into three parts, and to construct two great dams, has attracted attention, will speak at San Mateo Junior College tomorrow at 8 p.m. The Engineers Club of the college arranged the talk, and invites the public to the meeting in Room 215 on the Peninsula Ave. campus.

Benefits from the large project would be the addition of valuable industrial lands, the improvement of navigation of the bay, and the gaining of a supply of fresh water that could be used for agricultural purposes.

AP to Observe 100th Anniversary

NEW YORK (AP)—The 100th anniversary of the Associated Press will be observed in a special program to be broadcast on the NBC network Sunday at 11 a.m., PDT.

AP Executive Editor Alan J. Gould will speak for the news cooperative on the broadcast.

The program, titled "AP—100 Years of News," will include dramatizations of the 10 biggest stories of the century, as selected by AP editors.

They are: The gold rush and America's expansion westward, the war between the states, the Franco-Prussian war and the establishment of the German empire, the Spanish-American war, Marconi opens a century of science, World War I, abdication of Edward VIII, World War II, Franklin D. Roosevelt and his era, and atomic energy.

Coal Mine Contract Negotiations Collapse

WASHINGTON (AP) — Contract negotiations between John L. Lewis and the coal operators collapsed today.

The two-day-old wage talks broke up over the issue of seating Joseph E. Moody, president of the Southern Coal Producers Assn., in the conference.

The operators voted to seat Moody and Lewis' United Mine Workers voted against it. A vote then was taken on a union proposal to go ahead with conferences covering the balance of the industry.

The operators opposed that. The union voted for it.

Lewis got to his feet and said:

"I make the observation that there is now no conference.

"The operators have voted themselves and the mine workers out of a conference.

"The United Mine Workers' Policy Committee will meet at 10 a.m. tomorrow."

The fight over seating Moody started at the opening session of the negotiations yesterday.

Lewis said then that the Southern groups which make up the Southern Coal Producers Assn. were not complying with their contract when they did not appear at the conference as individuals to bargain for a new agreement.

The union's present wage agreement expires June 30. Traditionally, the miners have refused to work without a contract.

Safeway Trims It *Before* Weighing

...SO YOU SAVE MONEY

We'll Give You 2 Rib Roasts
(THEY WON'T COST YOU A PENNY!)
*If ever you get a Safeway Rib Roast not trimmed this money-saving way**

HEAVY CHINE BONE REMOVED
by Safeway (and replaced with a layer of fat, light in weight, to seal in meat juices) before we weigh your rib roast on the market scales. It gives you a roast that cooks and carves better

END SECTION OF SHORT RIBS REMOVED
by Safeway before we weigh your rib roast (we sell these short ribs separately, at a lower price per pound). Your Safeway rib roast includes only the tender center portion that will roast just right

It means more tender, juicy meat in every pound you pay for...*a bigger value for your meat dollar at Safeway!*

YOU SEE ABOVE how Safeway removes excess bone and waste from rib roasts *before* weighing. And the test-purchase report presented here shows you how important it is to compare trimming as well as price.

We prepare other cuts in similar fashion — each according to its special requirements. This waste-free cutting is part of Safeway's Guaranteed Meats plan. We *regularly* trim our meats this way.

When you compare meat prices, remember that Safeway's prices always are on the TRIMMED cut, free of excess bone, waste and fat, ready for cooking.

If ever you're not satisfied that the meat you buy at Safeway is trimmed the money-saving way we say, just show it to the manager of the Safeway store where you bought it. If your Safeway rib roast (for example) is *NOT* trimmed as shown above—you get *TWO* rib roasts without a penny's extra cost *(and without quibble or argument!)*

Safeway buys nothing less than the top government grades of beef (all beef sold at Safeway is U.S. Government graded) . . . nothing less than the top grades of lamb, pork and veal. More. We hold our meats the full number of days needed to bring out peak flavor and tenderness. And we safeguard their goodness with exact temperature controls.

Come prove for yourself — there's more good-eating at less cost in Guaranteed Meats from Safeway!

Test purchases by Independent Bureau show you can save money on meat

We asked an independent research organization to check methods of trimming meat here.

And we secured proof that it pays you to check trimming as closely as you check price when buying meat.

In 201 representative markets in this area where they bought meat they found a great variation in the way meat is trimmed.

In 94% of the markets other than Safeway, rib roasts purchased were not trimmed before weighing. Had the rib roasts been first trimmed and *then* weighed (as Safeway does), the average saving would have been a little over 9¢ per pound. Actually, customers of some of these stores would have saved amounts up to 20¢ per pound.

This survey shows unmistakably thousands of housewives in this area are paying regular meat prices — which are high enough these days, goodness knows — for waste that is thrown away!

- ***Example:*** **For rib roasts purchased UNTRIMMED shoppers paid an average of over 54¢ more per 6-lb. roast than if these roasts had been trimmed BEFORE weighing. In some markets up to $1.20 more!**
- ***Example:*** **For T-bone steaks purchased UNTRIMMED shoppers paid an average of almost 22¢ more per 2-lb. steak than if these steaks had been trimmed BEFORE weighing.**
- ***Example:*** **For rib lamb chops purchased UNTRIMMED shoppers paid an average of over 18¢ more for six chops than if these chops had been trimmed BEFORE weighing.**
- ***Example:*** **For legs of lamb purchased UNTRIMMED shoppers paid an average of over 42¢ more per 6-lb. roast than if these roasts had been trimmed BEFORE weighing.**

Wherever you buy meat you are entitled to money-savings that result from proper trimming of each cut before it is weighed. *Insist that your butcher trim this way. If he refuses, why not buy at a market where this kind of trimming is done?*

SAFEWAY GUARANTEED MEATS

*This offer effective at all Safeway markets in this County

Consider Warren Darkhorse In Case of GOP Deadlock

WASHINGTON (AP)—Gov. Earl Warren of California has begun his stretch drive in the Republican presidential race. Some of his friends here think the timing may place him among the serious contenders for the nomination.

Senator Knowland (R.-Calif.) told a reporter he thinks Warren, who has kept a careful pace well behind the leaders, now is in "excellent tactical position" if a convention deadlock develops.

"Governor Warren has a great many friends and few, if any, enemies in the Republican party," Knowland said. "It seems to me he is a logical compromise candidate if there is a deadlock."

Harris' Widow Gets Allowance

Superior Judge Aylett R. Cotton today granted Mrs. Nellie C. Harris $2000 a month family allowance pending settlement of the estate of her husband Matthew A. Harris.

Mr. Harris, president of the Civic League, former Atherton mayor and retired lumber company executive, died last Dec. 10. The value of his estate has not been determined yet.

Industrial Accidents Fatal to 152

SAN FRANCISCO (AP)—Industrial accidents killed 152 California workers in the first quarter of this year and disabled more than 34,000 others.

Fifty-four of the deaths resulted from vehicular accidents. Sixteen were killed in the lumber industry, 10 in accidents involving hoisting apparatus and oil well drilling equipment. Seven were electrocuted by contact with high voltage lines.

Manufacturing ranked highest in fatalities and non-fatal disabling injuries with a total of 9278, including 31 deaths.

Women were involved in only 11 per cent of the disabling injuries although they constitute about 30 per cent of the labor force.

Forum Letters

To the Editor:

In the interest of accuracy, I would appreciate the opportunity of having the following statement appear in your Forum column of May 20.

I have read with interest Gladys Gabert's report in today's issue of the Tribune on her recommendations concerning the issues and candidates in the May 21 election.

Gladys Gabert's statement that I was at her home last June and heard Dr. Almack give a two hour resume of his report is purely fictitious. I was not then nor have I ever been at her home, nor have I ever met Gladys Gabert.

I have repeatedly said that I have no quarrel with Dr. Almack, nor with his report which is not an issue in this election.

Very truly yours,
DONALD R. LILLY

To the Editor:

I would like to give a pat on the back to the four city councilmen who took the initiative to get our duck ponds and fish pools filled up in our city streets.

Councilman (Ike) Britschgi made the motion and was supported by Robert (Bob) Spillers, Mayor Werder and Councilman Arthur Swift.

REX E. BENHAM

Cancer Drive Head Urges More Funds

A donation of $1 from 7000 residents of San Mateo County would put the county over the top in the annual American Cancer Society drive for funds, Edward R. McDonald, campaign chairman, pointed out today.

"Undoubtedly there are many persons who have meant to send in contributions, but who have not yet done so. San Mateo County, now seventh in total receipts in a list of 52 California counties, yet needs $7000 to complete its quota of $35,000," McDonald said.

"We must reach that amount if the vital program of the American Cancer Society is to continue," McDonald declared. "We cannot allow this program to be curtailed. But it can operate during the coming year only if we demonstrate our ability to finance this life-saving work during the remaining few weeks of the appeal for funds. We must give generously to combat the enemy that presents a threat to everyone of us."

Contributions may be sent to headquarters of the San Mateo County Branch of the American Cancer Society, 18 Second Ave., San Mateo.

Memory Tough On Defendant

Dep. Dist. Atty. John Week's memory of his clients' faces proved embarrassing to Joseph Fuller, 25 Linden St., yesterday before Police Judge W. T. Thorpe. Thorpe previously had found Fuller guilty to a charge of assault after it was claimed that Fuler on May 2 threw a piece of wood at Orel Price, 108 Linden St., after a poolroom altercation.

Before stating the penalty to be imposed, Thorpe asked Fuller if he had ever been convicted before. Fuller said no, but Weeks remembered that he had once defended Fuller while serving as a private attorney. A check of police records showed that Fuller had once been charged with strong-arm robbery. Thorpe decided to postpone passing sentence until Friday so that he can consult with probation officers.

Fuller's wife, Sarah, was bound over to superior court at the same time by Thorpe on a charge of assault with a deadly weapon. The state charges that Mrs. Fuller slashed Price with a knife while the two were fighting.

Giant Mushroom

SYDNEY, Aus. (AP)—A mushroom gathered recently at Mullengandra (New South Wales) in the Riverina, that big expanse of Australian sheep country enclosed between the Murray and Darling Rivers, measured 18 inches in diameter. Its trunk was four inches thick.

Good mushrooms, though not, of course, of this size, invariably are fund in sheep country. The animals not only manure the ground in which the mushroom spore thrives, but their sharp hooves cultivate it.
